

Faiazur Rahman . Jarvis Consulting

Hi, my name is Faiazur Rahman and I am a Full Stack Software Engineer with over 1 year of professional experience in the field. I have a strong foundation in both frontend and backend development, having worked in both capacities during my time at Formify and Capgemini respectively. My 5-month internship as a Frontend Software Engineer gave me the opportunity to gain hands-on experience in developing web applications using HTML, CSS, JavaScript, and ReactJS. During my 7 months as a Full Time Backend Software Engineer, I helped maintain the overall health of our backend system using SQL queries in order to facilitate for data manipulation. Apart from my technical expertise, I have excellent interpersonal skills that enable me to work well with diverse teams. I am a super motivated, business-oriented, and people person with a passion for creative problem solving. As a critical thinker, I enjoy tackling complex problems and developing innovative solutions to them. I am excited about the prospect of working with like-minded people, who share my passion for software engineering. My ultimate goal is to provide expert and creative solutions to some of the world's most complex problems, making me an excellent fit for any Software Engineering position.
